

AHCB- Series Heavy Duty Premium Chain Block

The ABS Heavy Duty Premium Chain Block is manufactured to perform at the highest levels in the toughest environments. With its compact design, small body and low headroom, it becomes a versatile hoist for any lifting application.

Safety is reinforced with our dual pawl brake system and high quality ultra reliable ratchet and brake disc, protected by a dust cover over the brake system to eliminate contaminants.

Our high precision CNC gears, 4 caged bearing gearbox with impact resistant gear cover, zinc plated stay bolts, side plates and load chain guides, give you the quality, reliability, durability and safety you expect from ABS Lifting products.

The AHCB-Series chain block has been EN 13157 endurance tested for more than 1500 cycles.

Specifications

Capacity (tonnes)	0.25	0.5	1	1.5	2	3	3.2	5	7.5	10(A)	10	15	20	30
No. of Falls	1	1	1	1	1	2	1	2	3	3	4	6	8	12
